

## Selecting Words for Vocabulary Instruction

**Directions:** Use the Tier Word Selection Framework by Beck, McKeown, and Kucan (2002) to select words for vocabulary instruction. Identify three to five Tier 2 words that you would select for direct vocabulary instruction from each word list below (See Part 1-Slide #14). One word list includes words from the text *Enemy Pie* by Derek Munson. Remember, *Enemy Pie* will be used as a teacher read aloud with second grade students. You also have a second word list for the text *Honk! Honk!* will be used as a read aloud text with first grade students.
