

Finding Time to Conduct Walk-Throughs

Directions:

- Refer to the section of the lesson presentation dealing with strategies for finding time to conduct walk-through sessions (Slides 7-14).
- Review the “time-finding” strategies in this section.
- Identify one or two strategies that you think could work for you.
- Ask the person in the role suggested in the strategy to support you in implementing the walk-through process.
- Try this strategy for a short period of time (a week; a month), and then evaluate the strategy. If it is working, continue its use; if not, try another strategy until you find one that works for you.
